Ok thanks, I was just doing a sanity check. But I will still refer them to you and Claudia.

After discussion with Chris P, 2015 T 06L 303DC6 A6LSRV00 is being used for those traveling to site. However, staff from 6XA and 6SF-VO (community relation efforts) will use A6LSCR00.

I agree and believe that it's what is happening.

Was just wondering what the account code would be for my knowledge and if someone asks me.

But I am referring them to you and Claudia.

We need to make sure label is applied correctly to TA so it routes to us for review. Division AO should contact Claudia or myself for the crossfunding label/account information.

Could you please tell me the Crossfunding account, that we are giving to other divisions for the Gold King Mine Spill?

Thanks
